### OF THE ANDREAN . . .

This is the last issue of Volume One. We hope that it may have been something of a "tie that binds" to Andreans everywhere by bringing them together either in spirit or in person. The School certainly has heard from many of you who have been silent long since! Correspondence to the editors is increasing and much of the news you get is gleaned from these letters — SO — keep it coming! By the time you get this — present Seniors will be about to join the ranks of Old Boys via their "trial by ordeal" — matriculation. The number of Old Andreans scattered about the globe is reaching sizeable proportions. The last registration number for 1956-57 was 4137. About 1700 of these are on our mailing list. There must be at least 1000 old Andreans still alive whose whereabouts are not known. If you meet an Old Boy — will you check to see if he is getting The Andrean, The Review, etcetera? If he is not — then his address is either not known or is out of date. In which case, get him to drop a line to The Secretary of the Old Boys' Association, Al Ramsey, at the School.

Meanwhile — until next autumn — "Au revoir!"

The Editors.

### 'ROUND AND ABOUT THE SCHOOL

With the availability of artificial ice in Aurora, the seasons seem to chase each other now. With hockey in its last lap. CRICKET was running alongside in process of taking over! The cricketers are well into their season at time of writing and are acquitting themselves well under the guidance of Dick Gibb, Mike Adamson and Walter Baker. Mac House cricketers continue to animate the Lower Field pitches with Ken Ives and Jack Wright teaching them the finer points of the game. Bill Shearson ('52) has been lending a coaching hand too. TRACK and FIELD, coached by Hugh Warburton, has done well. The TENNIS courts have been well-trodden by tournament competitors — Aub Holmes the organizer. Inspired by "The Barbarians," RUGGER became an activity this term, taking up the slack of boys not otherwise gainfully exercised — coached by the Headmaster. Horrie Kendall's SWIMMING and LIFE-SAVING programme continues to be man-sized. CADET INSPECTION, according to non-partisan reports, was

carried out to perfection under ideal weather conditions — likewise the CHURCH PARADE in Toronto — Aub Holmes still the Chief Instructor. SPORTS DAY was literally a wash-out and had to be run-off next day — also in rain! But the meeting of the Ladies Guild on Sports Day was the reverse of a wash-out — attended by what could be a record number. A well attended, informal get-together of FATHERS of present boys was held at the School with the Headmaster as host — a worthwhile effort. — BOB LAIDLAW has not bounced back as well as was expected. After leaving hospital, he spent some time at Ottawa, convalescing. Then he returned, but after a short time back he was admitted again to the York County Hospital. He is now convalescing in a nursing home until the School Year is over. "Tuddy" TUDBALL is his old cheerful and resilient self in spite of a few minor physical set-backs he has had. WALTER BAKER (Physics) is leaving S.A.C. to join I.B.M. at Poughkeepsie, N.Y. His contribution to all departments of school life will be missed. Deep summer will soon be here and the "great calm" will be settling on the place until next September. But at this point — all hands are pressing on with examinations and all the other end-of-the-year "this's and that's." And yet — wasn't it only yesterday that the boys were coming in for the beginning of the year?

The Review should reach you sometime during the summer. It promises to be interesting. There you will find the full record of what has been happening here.

### SONS OF OLD BOYS

A picture of sons of Old Boys appears in the Review. Bill Smith, John Jones . . . etc. Whose son is Bill Smith? For a change we thought we'd list O.B.'s who have sons at the School.
